Restaurant Week Special: Provide a brief description (one line) of your featured special during Blacksburg Restaurant Week, please check which category your special falls into. The same special must be honored each day of the Restaurant Week for the meal period chosen below. Be creative and make your special stand your from your usual deals!

The most popular deals are those that offer the customer a choice to customize their meal. Customers recognize value when the deal is not specific to one or two dishes and is not a "coupon" type deal. Special limited menus may be used during Restaurant Week to highlight your best fare at discounted prices, perhaps with smaller portions. Need help thinking of a deal?
